EXPERIENCE

NC State Poole College of Management — *Web Specialist*

2022 - PRESENT

Temporary role supporting the college's communications and marketing team. Serving as the main point of contact for general website needs, including assisting with Wordpress transitions to Gutenberg editor, troubleshooting and resolving issues, maintaining plugins, and managing the college's multisite.

Active Machinery Sales — *Manager / Sales Consultant*

2013 - PRESENT

Inside sales lead and first point of contact for new and existing customers. Annual sales of $1.5 – 2 million. Additional responsibilities include IT & CRM support, Wordpress administration, and digital marketing campaign management.

USAA/HCL America — *Consumer Loan Underwriter*

2012 - 2013

Collaborated with bank representatives to evaluate and develop credit applications. Consistently exceeded quality and efficiency metrics while staying up to date on changing underwriting practices and requirements.

PERSONAL PROJECTS

Support Ticket App — *React · Express · MongoDB · Node.js*

A tech support app where users can create tickets, post notes, and view ticket status.

API routes with Express and Node.js. Tickets and related data modeled and stored with Mongoose and MongoDB. Redux Toolkit for state management.

Real Estate Marketplace — *React · CSS · Firebase · Node.js*

A marketplace for listing homes for rent or sale.

Responsive, mobile first design. Firebase / Firestore for data and image storage along with user authentication. Google Maps API to set geolocation.

GitHub Search — *React · Tailwind · CSS · Daisy UI*

A search app for displaying GitHub user info including public repos, gists, and followers.

API routes with Express and Node.js. Tickets and related data modeled and stored with Mongoose and MongoDB. Redux Toolkit for state management.
